

2 Burglaries in our neighborhood!

JUNE 18th, 2010 a home in Pumpkin Ridge Development Was Burglarized

July 26-27th a home in Benjamin Farms Development was Burglarized

Please Help!

Burglary in Pumpkin Ridge Development!

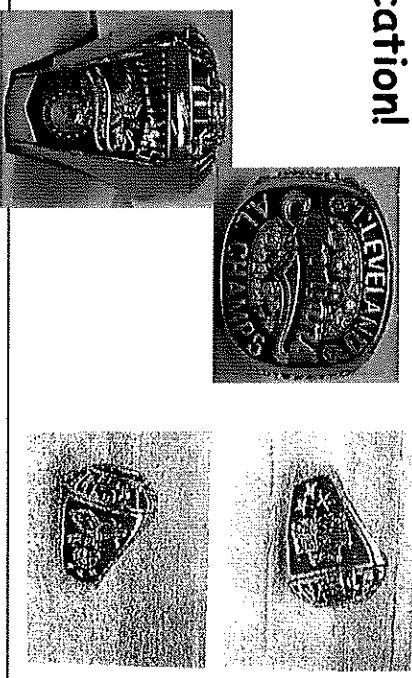

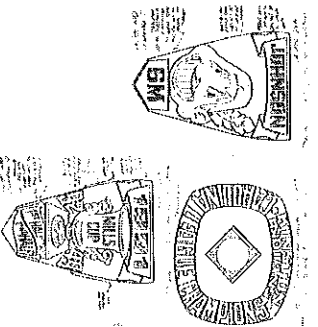

On the evening of June 18, 2010 our home in Pumpkin Ridge development was broken in to. Under the veil of darkness the sanctity of our home was violated. A neighbor of ours recalls hearing two males arguing about 10:15-10:30 p.m. Clearly there wasn't anyone home at the time, thus providing an easy target for these thugs. Brunswick's finest were on scene to assist our family around 11:30 p.m. that night, when our family returned home to discover this violation! I have put this newsletter together in hopes that someone will see something or recall anything that will help us recover the items that were stolen from our

home. Most of the items were of very personal value, but certainly not lacking in street value. Whether this was a personal attack or some random opportunity, I am asking you as a neighbor to look through the items I have cataloged and keep your eyes and ears open for anything that may help us solve this crime. To say that we are outraged over this would be an understatement! You may have noticed someone with a new Ipod, a new portable DVD player, or possibly jewelry that typically he or she may not have had....

For a long time, I thought we were the only victims in the neighborhood until I heard about the family in Benjamin Farms. The police are limited in their man hours, so we have decided to do all that we can to assist and have put this newsletter together. P

22 Years of hard work and dedication!

There are three rings that were stolen from our home... I have included images of these rings. Please take note if there is anyone you know boasting a new collection of sports memorabilia...

Please Help!

If you know of anything that will help us solve these crimes, please email:

E-mail:
Burglaryvictim@gmail.com

In this day and age of hardship and struggle, some people in this world choose to pull up their bootstraps and get to work... And, yet others work under the veil of darkness and show their true cowardice by stealing from others. Maybe we are the only people that have been burglarized thus far, and maybe we aren't, but if we don't draw attention to this matter and ask our neighbors to stand up, pay attention and be aware of what's going on around them, we will turn our homes, neighborhoods and communities over to these worthless cowards. All we ask, is this: If you know something or have seen something, please come forward...

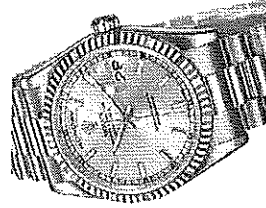

We just want our personal belongings back.

Benjamin Farms home invaded!

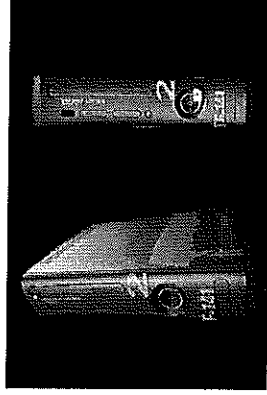

Over the course of two days, July 26th and 27th the home of a Benjamin Farms family was violated as well!

This time the ruthless bandits not only helped themselves to a slew of items that don't belong to them, they apparently decided to help themselves to a drink while perpetrating this crime! Along with a variety of High end liquor the burglars stole the following items::

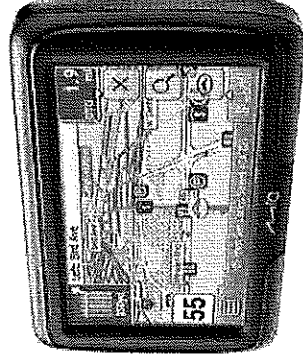

Rolex 18K gold President day date oyster perpetual

Xbox 360 modern warfare 2 limited edition with 250 gig hard drive

Another item the homeowners have determined is missing is a Mio Moov GPS m400

Gold necklace with a heart pendant with a diamond birthstone in the middle, unfortunately we don't have a likeness of this piece to show you, but possibly the description will help!

There are some additional items that have been stolen from both homes, but this is a good representation of some of the items that we would like to have back... where they belong!
